**Re: 02-55 -- Improving Public Safety Communications in the 800 MHz Band**

Dear Ms. Dortch:

On September 17, 2004, Cheryl Crate, Vice President of Pegasus Communications Corp., and I, a consultant to the company, met with Sheryl Wilkerson, adviser to Chairman Powell. We discussed the recently released order concerning public safety interference in the 800 MHz band and the portions of the order affecting the guard band spectrum in the 700 MHz band. We sought to understand the Commission's reasoning in accepting the relinquishment of the spectrum.

Very truly yours,

Kathleen M.H. Wallman
